STATOTHR

This will acknowledge, with thanks, receipt in this office of your completed Personal History Statement and supporting documents. In addition, we have a summary of your conversations with Mr. [REDACTED] on the 25th of August.

I have personally reviewed your qualifications, and regret to report that we cannot presently consider you actively for employment with this Agency, in view of your current status with Selective Service. In addition, our present needs are such that even were this prohibition removed, we could not take positive action, since your record does not include those specialized qualifications we are obliged to confine ourselves to at the moment.

Nevertheless, I want to thank you for your cooperation, both with this office and [REDACTED]. In addition, your interest in Central Intelligence Agency is sincerely appreciated.

Cordially yours,

PPD/JAC, JR:vp (10 September 1953)
